## Preface.

---

THE manuscript from which the present Volume is printed is numbered 1166 in the Harleian Collection in the British Museum. It is, without doubt, the *original* record of the Visitation of Dorsetshire, made in the year 1623 by HENRY ST. GEORGE, Richmond Herald, and SAMPSON LENNARD, Bluemantle Pursuivant; the pedigrees are in their hand-writings, and the heads of most of the families visited have attached their signatures to their respective pedigrees.\* These Heralds have also made trickings of the seals of the towns of Poole, Weymouth and Melcombe Regis, Bridport, and Dorchester, as well as of the seals of several private persons. But the trickings of arms, which are for the most part in pencil, are supposed to be the work of HENRY PARKER, an arms-painter, whose handwriting appears in various places in the manuscript.†

The production of this Volume completes the series of Visitations of the Western Counties made by the same Officers of Arms in the years 1620 to 1623; those of Devon, Cornwall, and Somerset have already appeared in the Publications of the HARLEIAN SOCIETY, and the 'Visitation of Wiltsaire' was published by Dr. MARSHALL in 1882.‡

Regarding the editing of the Volume, it may be well to mention that, although the aim of the Editor has been to give, as nearly as

\* The signatures are reproduced in Plates IV.—IX., tracings from the originals having been made by permission of E. MAUNDE THOMPSON, Esq., of the British Museum, to whom the Editor desires to tender his thanks.

† 'Catalogue of the Harleian MSS. in the British Museum,' folio, 1808, vol. i., p. 570. The Preface to this volume of the Catalogue is dated 24 December 1762.

possible, an exact reproduction of the original text, he has thought it would be more convenient to re-arrange the pedigrees in alphabetical order, and to place the notes of the towns and the list of Disclaimers together at the beginning of the book. The trickings of arms have necessarily been rendered in blazon; additions made to the pedigrees, in later handwriting, are printed in *italic type*; the few notes made by the Editor are separated from the text by brackets; and, to insure accuracy, he has corrected the printed sheets by the original manuscript.
